Child Support Enforcement Agency (CSEA)

Our services are to assist with the collecting and the enforcement of a court ordered child support order; The collection of the paternity establishment, location of the absent parent, income withholding tax offset, and UIFSA (Interstate actions), legal representation to establish and enforce child support.

Children's Services

(937) 393-3111

Children Services is mandated to investigate all reports of child abuse, neglect and dependency in Highland County. Our mission is to keep children safe while helping families stay together, learn healthy living habits, and become a stronger family unit. Even in situations where a child must be temporarily removed, we work hard to help families overcome their problems. Some of those

problems may include: drug/alcohol addiction, financial problems, domestic violence, anger management issues, lack of parenting skills, and more.

We create a plan with each family to help them address these issues, and then link them with other agencies and services, depending on their needs. Most families that we work with want to improve their situation and are willing to cooperate on achieving their plans. When families are not able to improve their situation so that their children may return home safely, the agency may seek permanent custody and develop a stable, permanent plan for the children through adoption services. All children are served, birth to 18 years of age or until the age of 21 if the child has special needs.

Supplemental Nutrition Assistance Program (SNAP - Food Stamps)

This federally funded program assists and promotes better health and nutrition by providing families with limited resources of greater food purchasing power.
